EXPERIENCE

- **Knovator Technologies Pvt Ltd**   **March 2023 - Present**
  Jr. SDE
  Led backend development efforts, building scalable and efficient solutions. Worked closely with frontend teams to ensure smooth integration and a seamless user experience. Identified and resolved backend issues, maintaining system reliability and performance.
- **Freelancer**   **Jul 2021 - Jan 2023**
  Web Developer
  I specialize in MERN stack development, building high-quality web applications using MongoDB, Express.js, React.js, and Node.js. My experience includes:
  - **Admin Dashboards:** Custom panels with role-based access and user permissions.
  - **Job Portals:** Advanced job boards with search, filtering, and user management.

PROJECTS

- **Job Portal & Admin Panel (JavaScript, Express.js, MongoDB)**
  Designed and developed a **scalable job portal** enabling seamless employer-candidate interactions.
  Implemented **LinkedIn OAuth**, bulk job posting, and dynamic filtering to enhance the recruitment process.
  Built an **admin panel** with **advanced analytics, role-based access control (RBAC), and bulk management features**, ensuring efficient platform administration.
  Optimized database queries and backend logic for **high performance and scalability**.

- **Career Assessment Platform (TypeScript, Nest.js, TypeORM-PostgreSQL)**
  Engineered a **personalized career assessment platform** integrating **psychometric, astrology, and DNA analysis** to unlock individual potential. Implemented **Auth0 authentication**, automated **kit shipping via ShipRocket**, and seamless **data processing with KarmaGenes**.
  Developed a dynamic **report generation system**, empowering users with tailored insights and **counseling session scheduling via Calendly**. Optimized backend architecture for **scalability and high performance**.

- **SaaS-Based Job Board (JavaScript, Express.js, MongoDB)**
  Developed a **scalable SaaS job platform** with **multi-tenant architecture**, subscription-based employer access, and customizable job workflows.

SKILLS

- TypeScript/JavaScript
- Node.js
- Express.js
- Nest.js
- MongoDB
- React.js
- HTML/css

EDUCATION

- **GTU**   **2019**
  Bachelor of Engineering
  Distinction
